

CYCLE19. KEYNOTE 2
Scripter

WHOSE IS IT ANYWAY?

Why that face? You seem puzzled

I'm just trying to figure out something

What is it?

I don't know whose blouse this is

Isn't it yours? It looks like your style

No, mine are never this color

Maybe it's your sister's then

No, when she moved out she took all her clothes

Your mom's then?

No way! Hers are very old fashioned
