### I'VE BEEN BETTER

Hey, how have you been? It's been a while since last time!!

I've been better. That's all I can tell

What's wrong?

Since I failed the English test I've felt down. That teacher hates me

Why do think so? What has she been doing?

She's been picking on me. She's always asking me to give her the answers

Maybe it's because she wants you to learn

No, I think it's because I use my blackberry when I'm bored.

How often is that?

I've been bored since January!!!
