WEIRD BOY

Have you ever seen a boy like that?

No, never. He's the weirdest guy I've ever met

Why do you say so?

Because he barely says anything at all

Well, maybe he's too shy

Probably so, but, may I add that he also wears strange clothes?

You've got a point there. His clothes are strange

I think I've seen someone like that before.

Yeah, me too, but where was it?

I remember now. It was in a heavy metal magazine
