

WEEK 5. KEYNOTE 3
Scripter

HOW MANY THINGS DO YOU NEED?

The maid went grocery shopping.

The grocer was very nice to her.

She needed some sugar, but there wasn't any.

There was a lot of salt instead.

She didn't remember how much she needed.

There wasn't much bread either.

However, there were a lot of other things.

How many she bought? I don't know.

She came back with a lot of bags.
