JUST BECAUSE

I see that you've got lots of posters in your room

Yeah, I love to decorate it with my favorite artists

I can tell! But, why do you like hip-hop so much?

Just because! Or maybe because most singers feel like an outcast

Oh, isn't there an artist named like that?

You're right. He's one of my favorites since his songs are catchier than others

I think I know one: *HEY YA!*

Right! It's cool isn't it?

It sure is!
