NEW ALBUM RELEASED

What did you do over the weekend?

I went to the music store and got Avril Lavigne's new album

You did! Great! How do you like it?

It was until I heard the third song that I began to like it

How so?

Well, the first two songs aren't too commercial, I think

What are they like?

They're way too slow for me

I love all of her songs, specially her ballads

Well, I only like "WHEN YOU'RE GONE"
