

I'M A BACKPACKER

Well, going outdoors is my favorite hobby

I used to travel by plane with my parents

Now, I prefer visiting small towns and villages

I have visited 5 cities in my country so far

I have been in youth hostels

But I have enjoyed most staying in family houses the most

It is not as comfortable as a hotel

But it is the best way to know about some place's culture

I can't eat the same things they do

I definitely share really good time traveling as a backpacker

Have you ever afforded a trip as a backpacker?
