## PERSONAL OPINIONS

How do you like the new mall?

Don't get me started!!

What do you mean? Don't you like it?

Well, to begin with I think it's way old-fashioned

How come?

Well, it reminds me of a similar mall in my city, but from 30 years ago!!

Don't be mean. I guess there should be something worthy in it

Probably, but I haven't found it yet.

What about the restaurants area? I think it is nice

Now that you mention it, I think it is the only thing worth visiting

You'll never change
