## SPORTS EVOLUTION

Since ancient times sports have played an important role in human kind

Let's just remember Homer's *ODYSSEY* and the javelin throwing

Also, let's not forget about the Mayan deadly ball game

By deadly we mean that the leader of the losing team was killed

Even if they lose. "It will be next time" is what they're told

The two biggest sport events are the Olympic games

And the FIFA world Cup, which is my favorite
