

WEEK 6. KEYNOTE 5

THE MAGIC OF WORDS

I was totally taken aback.

The book took me to worlds I'd never thought of

There were flying ships in outer space

Suddenly, they landed on an unknown planet

That planet was full of strange creatures

This planet was shone by three suns

There was never night time there

I couldn't imagine what it would be like.

No stars ever?

Wow! It's amazing where words can take you
