

CYCLE 8. KEYNOTE 5
Scripter

WORD FORMATION

Last class was really interesting

I understood why I can't say "I imagination..."

It is because the ending "*tion*" is never a verb ending

This is something very useful to learn to speak well

I also learned that I shouldn't say "I'm boring"

When I mean "I'm bored"

We saw how to make a word negative as well

There are several options

Un like in *unreal*, *i* like in *irresponsible*, *dis* like in *dislike*

Or with the ending *less* like in *selfless*

I know that I have to study this interesting topic more
