Scripter

## FIRST JOB

Hey, have you ever had a job?

Well, I've had some school-break jobs

Doing what?

I've worked as a clerk twice and once as a waiter

Did you make good money?

Not really, just to go to the movies a couple of times

I see...

Why are you so curious about this?

I was offered a job at a band and I'm a little dubious

Don't be. Take it and make your own money
